

## **Karma Yoga**

Living every hour  
in the exact middle  
of my weaknesses,  
I work some more.

Knowing the ways  
I fell apart before  
and took poor paths,  
I work some more.

To piece together  
my fragmentary  
feelings for peace,  
I work some more.

Pretty sure I will  
later fail to restrain  
some urges within me,  
I work some more.

When all of my jobs  
on earth are done and  
I'm in and out of heaven,  
I will work some more.
